Profile

I'm a self-taught web developer who specializes in HTML5 and CSS3. I'm also currently following an online full-stack web development Bootcamp from Practicum by Yandex. I'm looking forward to enhancing my web development skills through this opportunity while contributing to the organization.

Experience

EasyBank Landing Page

This is a landing page for a fictional bank named EasyBank created as a Front-end masters challenge. Built using HTML5 CSS3 Scss Flexbox Grid and Javascript.

[LIVE](#) [CODE](#)
